Berlin, 15.03.2022

Dear Mr. President, dear Anatolii Hirnyk!

The Federal Chamber of Engineers (Bundesingenieurkammer – „BIngK“) represents the interests of the German engineers of the sixteen federal states. As a member of the European umbrella organisation “ECEC”, the BIngK also cooperates with European engineering organisations, of which the Ukrainian Chamber of Engineers is an associate member.

We express our full solidarity with our Ukrainian colleagues and all people in Ukraine.

Both now and after a hopefully soon peaceful solution, we would like to offer our support in all professional and technical matters. We have also expressed this with a joint appeal with other German planners' organisations.

Personally and on behalf of all our German engineering colleagues, we wish that the Ukrainian engineers will soon be able to work again for a good future for Ukraine.

Yours sincerely,

Dr.-Ing. Heinrich Bökamp
Präsident
