Berlin, 13.02.2023

Dear Secretary General Koramaz,

we are deeply shocked by the terrible earthquake in parts of Turkey and the immeasurable extent of the human suffering. We convey to you the sympathy of the more than 45,000 engineers united under the umbrella of the Federal Chamber of Engineers (BIngK).

We hope for the fastest possible restoration of livable conditions in these areas of Turkey and would like to offer very concrete assistance. Please let us know how we can support in the best possible way.

The German engineers are willing to provide energetic assistance. Please do not hesitate to contact us.

With best wishes from our colleagues!

Dr.-Ing. Heinrich Bökamp
Präsident
